UPDIKE WANTS SONS Plans Being Made Here To Entertain Popula TO SUFFER FOR PLOT

Chicago Millionaire Changes Attitude Toward Offspring. Younger Appears Leader.

CHICAGO, Jan, 18 .- Out of a tangled mass of statements by Irving and Herbert Updike, accused of a sensational plot to murder their father, Furman D. Updike, wealthy Oak Park resident, and his wife, police today selected a list of facts which they elieve implicated both sons

As details of the conspiracy unfold themselves today it is learned that it is Herbert Updike, the younger brother. and not Irving, whose infatuation for Neille de Onsenne, a caberet sinces, led to an estrangement with the father. The elder Uplike, who is suffering from cancer and whose days are nurrbered, announced today be will demend

Friends of living Undike declared to day he was "double-crossed" by his younger brother - that Herbort sought to regain favor of his parents by revealing the plot and blamens living for it.

then. As a matter of fact, Mrs. Uptile had closed the window only by chance because it was cold.

Herbert, the younger spn. according to the police, entered into the alleged plot with the intention of frustrating life. It was Herbert who reported the matter to the police.

"Irving told me first he was going to kill father and mother more than a year ago," the younger son told the police. "We used to go down in the hasement nights and talk about it."

When arrested, according to the police. Irving tirst tried to implicate his brother, and then made a complete confession. The officers found a shedgen gun and two automatic pistols, equipped with silencers, in the garage when the two men were seized.

Mrs. E. H. Gary Gives Stock to Winners At Her Party. Society Gasps.

NEW YORK, Jan. 18 .- Mrs. Elbert H. Gary entertained with a bridge party at her residence, \$56 Fifth avenue, on Saturday, the guests including many well-known members of society. The prize at each table was one share of United States Steel preferred stock.

Bridge parties are of ordinary occurrence in society, and handsome prizes are given as a rule, but Mrs. Gary's party will go down in social history as something entirely new, in this respect at least. The first intimation that the stock had been awarded as prizes was heard in Wall Street, and it was not long before it was being talked about on the Stock Exchange.

The stock given out in prizes, in the aggregate, was worth about \$702, as it is quited at \$117 a share. Prizes of much greater value have been awarded at society bridge parties, but it was the nevelty that gave significance to Mrs.
